

New Resident Guide

*Warwick
Rhode Island
2016*

Provided by the
Central Rhode Island Chamber of Commerce

INTRODUCTION

The Guide to Warwick was researched and compiled by the Central Rhode Island Chamber of Commerce. It is intended to assist newcomers to the City of Warwick whether they be individuals, families or businesses.

Warwick is a dynamic, growing city. Location, geography, climate, transportation and a strong economic base, all contribute to make the city one of the northeast's finest areas in which to live, work, and do business.

Warwick's most important resource, however, is its people. In these pages, you will find listings of community and business organizations. The individuals associated with these groups are the lifeblood of the city. They number in the thousands and their efforts have brought the city national recognition. They represent a diverse cross section of the populous: government, business, labor, human services and others. Their input is an integral and invaluable facet of life in Warwick. Warwick has been designated as one of the top 20 safest cities in the United States.

The Central Rhode Island Chamber of Commerce would like to thank the following organizations for their contributions that made this guide possible.

Department of Human Services, City of Warwick

Rhode Island Department of Economic Development

Rhode Island Historical Preservation Commission

The Warwick Beacon

United States Bureau of the Census

Division of Vital Statistics, State of Rhode Island

FACTS ABOUT RHODE ISLAND

GOVERNMENT

The constitution of the State of Rhode Island and Providence Plantations, adopted in 1842, establishes five general State offices. They are: *Governor, Lt. Governor, Attorney General, Secretary of State, and General Treasurer*. Some elected State officials serve two year terms and other four year terms. There are 20 major departments under the Governor. General elections are held on the first Tuesday in November in even numbered years. Rhode Island sends two Senators and two Representatives to our nation's Capital.

POPULATION

Rhode Island is the second most densely populated State in the United States, with an average of 903 persons per square mile of land area. The population of Rhode Island as of 2000 numbered 1,048,319 according to the U.S. Bureau of the Census.

EDUCATION

Rhode Island has 7 state colleges and 8 Private Colleges that includes nationally recognized Brown University, RI School of Design, and Johnson & Wales University & Culinary Institute. Rhode Island has many private and parochial schools to compliment our public schools.

CLIMATE

Year-round temperature averages 50 degrees; February is usually the coldest month with a mean temperature near 29 degrees. The warmest month is usually July with a mean temperature of 73 degrees. The annual average rainfall is over 40 inches.

LIVING

Rhode Island provides a wide range of living styles with an adequate supply of housing to accommodate new residents. Individual apartments, condominiums, suburban estates, and single family, homes are available. Recreation and relaxation are very much a part of the mainstream of life in Rhode Island. The State has 400 miles of shoreline, acres of woodlands and a variety of recreational facilities. Because of Rhode Island's small size, instate commuting time is remarkably brief.

Continued—FACTS ABOUT RHODE ISLAND

ECONOMY

The Industrial Revolution in America began in Rhode Island in 1793, with the establishment of a water-powered cotton mill on the banks of the Blackstone River in Pawtucket. It has become known as the Old Slater Mill after Samuel Slater, who was the founder of the American Textile Industry. From this distinctive beginning, Rhode Island developed into a modern diversified economy. The job opportunities are as diversified as our culture.
